Hello chemists!

So, all of you were involved in the analysis of the drugs in the above case, scheduled for trial on 4/4. I am wondering if, in light of Kate Corbett's expected leave and in light of the fact that it would be ridiculous to take half the chemists from the lab, it would be possible to have all the drugs in this case re-analyzed by just two of you, so that I can just call two chemists as witnesses. Please let me know what you think of this.

Thanks,  
Nicole

Hi Nicole,

I received a summons from you for the above case scheduled for April 4. I just wanted to give you a heads up that I will not be available that day. I will be on [REDACTED] until the end of August.

Thanks,
